

Minutes

- Row 19 is header, see the start
- Second one, no sample ID
- Starts on row 20, header starts on incorrect line
- TSU number format doesn't change, AI could be able to tell if the formatting is incorrect. E.g two alphanumeric then numbers
- Preference is a webapp, integrated within your management system
- Dummy system, recurring access?
- Will set up dummy system for us
- No real preference for languages, likes python tho
